PETS

PRODUCTS

Daily Probiotic:	Pro-Pet
Environmental:	Super EM

DAILY PROBIOTIC

Pro-Pet mixed into drinking water and sprayed onto food daily.

Small Dogs:	3-4 sprays into food and drinking water daily
Large Dogs:	10 sprays into food and 5 sprays into drinking water daily
Cats & Rabbits:	3 sprays into food and drinking water daily
Birds:	15 sprays per 1kg of feed and 15 sprays per 4L of water

SKIN PROBLEMS: ECZEMA & OPEN SORES

Dilute 1:1 with water and spray/ dab lightly over affected area at least once a day.

SMELLY ANIMALS

Dilute Super EM 1:2 with cool water. Bath animal in solution. Repeat weekly. For very bad smells, decrease dilution to 1:3 and spray directly onto the coat.

CAT LITTER

Dilute Super EM 1:3 with water and spray 30ml into the litter daily.
